I know, but it will be OK. This new attorney has given me lots of hope. I'm going to switch to him. Call Debbie - seriously - call her ASAP and tell her that we talked and we want to move forward. She'll explain how she can help...

I've been told very clearly by my attorney this morning that I am not allowed to talk to you anymore until my case is over. AS you might be a witness in this case.

My attorney is [REDACTED]. If you have any questions you can call him... He can explain...
